

HOW TO FIND US:

Go along highway A 52 in the direction of Roermond until exit Niederkrüchten. After having left highway A 52 make a right turn and go along until you can see the traffic lights on the intersection B 221/B 230. Turn right again and go along for 1,5 km, then make a right turn in the direction of Heyen/Dam until you can see a fork in the road in Birth. Turn left (please don't follow the street signs leading towards "Industrial Area Dam") and go along for another kilometer and you will find our Niederkrüchten plant on the left side.
